Visitors See Christmas Ideas

It was "open house" Monday afternoon in the Home Economics Department at Appomattox Intermediate School and for teachers and administrators there were dozens of decorating ideas to see. Rather amazing changes were made in ordinary household items, spools, bottles, even light bulbs to transform them into tree decorations. Joyce Foster, (far left) and Kay Chenault (far right) are two of the ninth graders who completed projects. Mrs. Velma Elliott (2nd from left) is 9th grade Home Economics instructor standing next to Mrs. Hesteine Foster, a visiting teacher.

Modernistic Club

by Miss Hester Stevens

The Modernistic Club met at the home of hostess, Hester Stevens, Friday, Dec. 17, at 6 p.m. A very delicious pre-Christmas dinner was served to club members and their guest, immediately following the dinner hour, the club assembled for the monthly business meeting. The president called the meeting to order in the usual way, such as, reading minutes, responding with quotations, and adopting the minutes and the like. A very interesting meeting was held. The meeting was informative. Many plans are in the making for the coming year which we hope to get some of the many ideas into actual work.

After the regular session was over, the president turned the meeting over to the hostess. The regular game "Bingo", was played by the members and friends. Those winning prizes were: Mesdames Celestrial Turner, 1st prizej J, C, Webb, 2nd prize winner; T. W. Hamlett, 3rd place winner. The guest prizes went to Miss Peggy Jordan and Mrs. Lillie C. Stevens. The prizes were very nice, as well as useful.

The club members decided to play Pollyanna this year, rather than just exchange gifts. Each member received many beautiful as well as useful Pollyannas.

The meeting adjourned to meet in our next business session with Mrs. Celestral Turner.

A very nice meeting was held and each member invited a guest to be present for the dinner hour. We trust that each guest enjoyed the evening with The Modernistics on Friday, Dec. 17, at 6 p.m. Guests included Mrs. Lillie C. Stevens, Miss Peggy Jordan, Messres Julian Hamlet, William B. Turner, George E. Stevens and Mr. Charlie Williams.

The Christmas tree program given at Galilee Baptist Church Sat., Dec. 18, 1971, at 7 p.m. was very successful. A nice audience turned out to listen to the children's program.

Sunday, Dec. 19, 1971, at 8 p.m. The annual Candlelight Service was held at Galilee Baptist. The program was sponsored by the Senior Choir. The program was enjoyed by all present.

See you next week.

ANOTHER SEASON BRINGS NEW SHIRT COLLECTION

Another hunting season is here and with it another collection of shirt tails (plus one complete shirt with complete explanation) at Hamilton's Store, in Evergreen.

Each shirt tail represents a hunter and the "deer that got away," J. Knet Hamilton, postmaster at Evergreen and Mrs. Hamilton say that visitors are always welcome to see the collection of unlucky hunters' shirt tails -- and plenty of good hunting stories around the potbellied stove at the rear of the store.

CANING EVIL

Because candy canes have the legendary ability to ward off evil, they became part of Christmas, bringing good.

Families and friends, young and old, come together during this season to rejoice at His birth. We join together to offer thanks!

Simple Gift Can Help Little Boy

The need for human pituitary glands is still great, according to a report given by Mrs. Becky Anderson, member of the Mid-Atlantic States Chapter, Human Growth Foundation, attending a fall meeting of the chapter at Chapel Hill.

Pituitary gland extract, available now only in very limited quantities is being utilized by only a tiny fraction of the children who possibly could benefit from the extract and thus begin a pattern of growth more like their normal friends and playmates.

With pituitary gland extract, children who might otherwise be "midgets" or "dwarfs" their entire lives, can achieve some degree of growth and height so that they can more easily fit into society.

This is the purpose and work of Human Growth Foundation which held the chapter meeting last month at Chapel Hill, N.C.

An Appomattox boy, Eddie Lewis, son of Mr. and Mrs. Ray Lewis is currently receiving the growth hormone, and seemingly has benefited a great deal from it.

There are several things interested persons can do to help see that Eddie and children like him have a normal life.

Details of the work of Human Growth, Inc. are available from James Robinson, president, Mid Atlantic States Chapter, P. O. Box 271, Fries, Virginia 24330.

Concerned people can obtain a donor's card stipulating their desire, at death, to donate their pituitary gland for scientific uso. Donor cards may be ordered from Human Growth Foundation, 307 Fifth Avenue, New York, New York 10016.

Annual dues for the Human Growth Foundation (Mid Atlantic Chapter) are $5.00 per family. Sustaining membership are available for $10 with other memberships available with the gift of higher amounts. Any donation is welcome.

An article on growth and the Human Growth Foundation is coming up in the February issue of Redbook magazine.

QUOTES:

"My wife was in the back seat -- I can't see how I could have done more than 30" and "I'm sorry I was going so fast but the road safety lecture lasted longer than I thought it would," British drivers stopped for speeding.

GLADSTONE

Mr. & L. Quinn is in the Medical Care Center and is doing well after suffering a stroke at his home.

Congratulations to Mr. and Mrs. Charles Farrar (Rebecca Quinn) on the birth of a son, William Todd, Dec. 9th.

Cannery Closed For Repairs

The Appomattox Cannery has been closed because of a breakdown and necessary repairs.

Henry B. Pack, instructor in the Vocational-Agriculture Dept, said that the cannery was closed on Monday of last week following one of the most successful years of operation. Mr. Pack reports that 87,339 cans of food were processed this year.

The Pamplin Cannery is still open and will remain open until Thursday, December 23.

Anyone desiring an appointment for the processing of meat may call 248-6191, The Pamplin cannery is operated by Mrs. Dickerson and Mr. Beale.

Dancing with Joy

A Christmas carol might also be a Christmas dance.

Origin of the word "carol" itself seems to trace back to the French word, "carole" meaning to dance, and carols of yesteryear may have been sung by carolers dancing in a circle.

Full of rejoicing, the carols we sing today literally dance with holiday merriment.
